WHOLESALE

DWARF CALIFORNIA GIANT PETUNIA

A.B.C.

Private Stock

You will find this blend of California Giants highly desirable as a pot plant to be grown in 3-inch or 4-inch pots for Easter and early Spring sales. Selected with great care, this strain is noted for its uniformly dwarf habit of growth and a high percentage of large, attractive flowers. In the A. B. C. Private Stock you will get a wide range of colors, including the lighter pinks and roses as well as the popular dark shades and bi-colors. **Grown exclusively for our customers.** The A. B. C. Private Stock strain is also offered in light and dark shades at the same price. Please specify if wanted.

PRICES: ½ Tr. Pkt., 75c;
Tr. Pkt., \$1.25; 1/64 oz., \$2.50;
1/32 oz., \$4.50; 1/16 oz., \$8.00

AN A.B.C. INTRODUCTION

Petunia Fringed Snowstorm

PICTURED ON FRONT COVER

Glistening white with touch of yellow in throat. Abundant producer of medium to medium heavy fringed flowers, 2½ to 3 inches in diameter. Ideal for pots or bedding. See front cover for picture.

½ Trade Packet, 65c; Trade Packet, \$1.00; 1/64 oz., \$2.25; 1/32 oz., \$3.75; 1/16 oz., \$6.75

WORTHWHILE NOVELTIES FOR THE FLORIST

Kalanchoe "Brilliant Star"

While introductions have been limited the last several years, you will find those listed below of particular merit. Your special attention is called to the two Petunias on the opposite page.

KALANCHOE "Brilliant Star"

Coming direct from our grower in Denmark, Kalanchoe "Brilliant Star" looks very promising. It is a new cross offered to the trade for the first time. It is an intense bright red, not unlike the color of Begonia Luminosa. The flowers are about three times the size of Blossfeldiana and stems are about 7/8 inches long.

"Brilliant Star" has proved very successful as a cut flower, our grower reporting he has kept the flowers in water for 10 to 14 days with success. Also ideal for pots.

Tr. Pkt.\$1.50

PETUNIA

Ruffled Little Giants

A new and desirable introduction to Petunias. The plants are very compact and erect growing 8" to 10" tall and literally covered in bloom when in full flower. The flowers are medium sized and well ruffled and in color range from a combination of pink and white to red and white. Excellent for either border or pots.

Tr. Pkt.....75c 1/64 oz.....\$1.40
1/32 oz.....\$2.50 1/16 oz.....\$4.50

DOUBLE PETUNIA

Colossal Shades of Rose

The largest, 100 per cent double, plain, waved, ruffled and fringed petaled, strong and vigorous growing Petunia yet to be seen. Plants grow about eighteen inches tall, with heavy stems, luxuriant foliage and under good cultivation the huge flowers measure from four to five and one-half inches across. The color shades range from a few of light and salmon-pink to mostly deep pinks and purplish rose.

Awarded Silver Medal 1945. Tr. Pkt.....\$3.00

PANSY

Swiss Giant Orange

From Holland comes this pure light orange pansy of Swiss Giant size. This novelty was developed by crossing the variety known as ST. Knud on Swiss Giant Yellow with dark blotch. Over ten years of selection was necessary to develop this welcome addition to the Giant flowering group of pansies. Originator's Tr. Pkt.\$1.00

DOUBLE PETUNIA

America

Silver Medal All-America 1943. Medium-sized, carnation-flowered, rose-pink. Prolific-blooming Nana Compacta. Flowers are produced all season long, making it fine for bedding as well as for cut flower purposes. Very satisfactory as a pot plant.

A. B. C. Asters for the Florist

Select Varieties for The Commercial Grower

From a thorough survey among growers, commission houses, and retail florists, we recommend immediately below the varieties of Asters most generally preferred, especially for cloth-house culture. All of these are BODGER'S RESISTANT STRAINS. Fresh seed, no carry-over, secured direct from the grower for you.

AURORA GOLDEN SHEAF

Splendid free flowering aster, with large, full flowers, quilled centers and outer band of broad petals. A yellow self, fine for cutting. Flowers late August.

Tr. Pkt. 35c 1/4 oz. 80c
1 oz. \$2.75 4 oz. \$9.00

BRANCHING AZURE BLUE

Tall, robust branching plants with large flowers of fine double form. Flowering early in September, we are confident you will be well pleased with this select strain.

Tr. Pkt. 30c 1/4 oz. 60c
1 oz. \$1.85 4 oz. \$6.50

BRANCHING A.B.C. WHITE

Plant this variety to succeed Royal White in flowering. Similar to the above in habit, it produces large, full-petalled flowers in early September.

Tr. Pkt. 30c 1/4 oz. 60c
1 oz. \$1.85 4 oz. \$6.50

EARLY GIANT LIGHT BLUE

While not quite as long-stemmed as later flowering varieties, it produces large flowers about same time as the Royals. An exceptionally good variety for the florist.

Tr. Pkt. 35c 1/4 oz. 75c
1 oz. \$2.75 4 oz. \$9.50

EARLY GIANT PEACHBLOSSOM

The four to five inch flowers of this variety are full petalled. Opening a white color, it flushes to a beautiful lavender-pink.

Tr. Pkt. 35c 1/4 oz. 75c
1 oz. \$2.75 4 oz. \$9.50

EARLY GIANT ROSE MARIE

Also typical in its habit along with other Early Giant varieties, the commercial grower will like the strong, heavy stems of Rose Marie, supporting rich rose flowers.

Tr. Pkt. 35c 1/4 oz. 80c
1 oz. \$2.85 4 oz. \$9.50

HEART OF FRANCE

The rich, dark red color is the distinctive feature of this variety. Medium-sized flowers are produced in early to mid-September.

Tr. Pkt. 30c 1/4 oz. 65c
1 oz. \$2.00 4 oz. \$7.00

ROYAL AZURE BLUE

The Royals are the earliest good commercial varieties available, coming into flower the first part of September. One of the colors heaviest in demand.

Tr. Pkt. 30c 1/4 oz. 60c
1 oz. \$1.85 4 oz. \$6.50

ROYAL DEEP ROSE

The florist interested in a good deep rose will like this variety. Like other Royals, the flowers are large and pleasingly incurved.

Tr. Pkt. 30c 1/4 oz. 60c
1 oz. \$1.85 4 oz. \$6.50

ROYAL PURPLE

A rich, deep purple this is in heavy demand for cut flower purposes. Comes into production very early in September.

Tr. Pkt. 30c 1/4 oz. 60c
1 oz. \$1.85 4 oz. \$6.50

ROYAL SHELL PINK

A most pleasing color as the name implies. The most popular aster in its particular shade.

Tr. Pkt. 30c 1/4 oz. 60c
1 oz. \$1.85 4 oz. \$6.50

ROYAL WHITE

Plant Royal White to precede Branching ABC White for a good supply of cut flowers over the more profitable part of the shipping season. Large, double flowers on stiff stems.

Tr. Pkt. 30c 1/4 oz. 60c
1 oz. \$1.85 4 oz. \$6.50

New Wilt-Resistant Aster "Princess Bonnie"

Announcing
A NEW STRAIN OF ASTERS

Paul Tilford's **RESISTANT ASTERS**

Dr. Paul Tilford of Ohio Agricultural Experiment station, in cooperation with the Ohio Florist's Association has developed, after years of research, a resistant strain of Asters. The table below best indicates how much more resistant this Ohio strain is as compared with standard strains currently offered by seed houses. This is reprinted from the November Ohio Florists' Bulletin.

RESISTANCE AND PRODUCTION OF TILFORD'S ASTERS

Variety	% Loss	Yield per Plant
Tilford's Royal Shell Pink	25	8.1
Commercial Strain Royal Shell Pink.....	42	7.3
Tilford's Royal White	25	8.3
Commercial Royal White.....	61	8.0
Tilford's Royal Purple	3	8
Commercial Royal Purple.....	36	10
Tilford's Rose	23	9.6
Commercial Royal Azure Blue.....	99.9	..

TILFORD'S ASTERS ARE AVAILABLE IN THE FOLLOWING VARIETIES :

Royal Purple: This Aster is almost immune to wilt, resistance is very high.

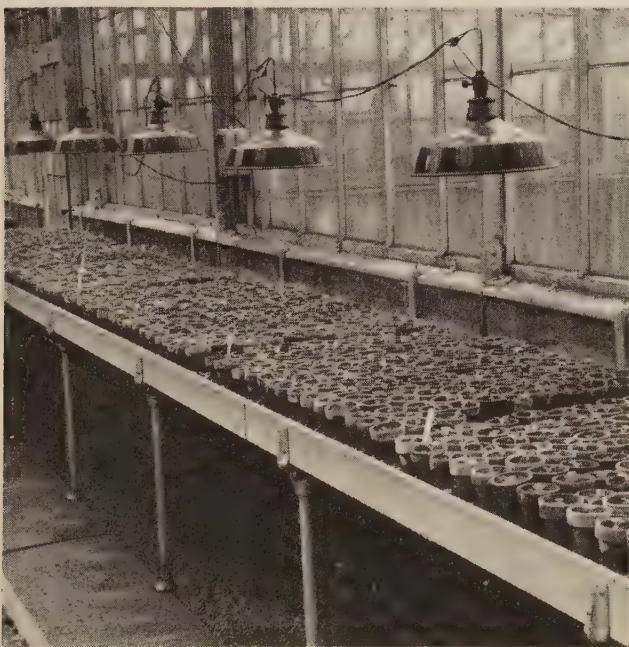

Royal White: Similar to Shell Pink in resistance.

Royal Shell Pink: Resistance has been 80% and over in soil where ordinary Asters were 100% diseased.

Crego Deep Rose: A medium

sized flower which through selection has lost most of the Crego characteristics and is now more nearly the Royal type. It is very wilt-resistant.

\$1.50
per Tr. Pkt.
NEW CROP

LIGHT YOUR ASTERS FOR EARLIER FLOWERING

March is the time to start your Asters for cloth houses. In order to save time and get the crop ready when prices are good, some of your Asters should be lighted. Some of you may be acquainted with the directions, but for those of you who are not, this is written.

When the seedlings are ready to prick-off into pots or bands or flats, start lighting. Use 25-40 watt lamps spaced five feet apart and two feet above the bench. Apply from dusk and for three or four hours thereafter each day. Continue lighting until the plants are ready to set out.

GROW YOUR ASTER SEEDLINGS IN "EASI-OFF" PLANT BANDS

While the florist varieties of Asters offered are resistant to yellows and similar diseases, it is not absolute with the result that the

diseases will creep in if ordinary precautions are not taken. Any injury to the roots at time of transplanting creates ideal conditions for disease organisms to start active growth in the plant.

You can almost entirely eliminate injury by growing your seedlings in "Easi-Off" plant bands. More than any other wood band, they can be removed with less injury to the root system and ball of soil. No cutting with a sharp knife—no twisting or bending. Just a slight pull with the finger and your plant is ready to set out. No check in growth! No injury that would make for easy entrance of disease.

"Easi-Off" Plant Bands are available in all popular sizes. Order early and get your bands set up in the bench or flats ahead of time.

Begonia "A. B. C. Masterpiece"

A. B. C. Begonias

SELECT FIBROUS ROOTED TYPES

A. B. C. MASTERPIECE

A lovely clear rose-pink Begonia, and the most outstanding in this color class. The large-size blooms are produced so abundantly that the foliage is really overshadowed. For pot plants as well as for bedding, you have something if you have this exceptional Begonia.

Tr. Pkt. \$1.00 1/64 oz. \$2.50 1/32 oz. \$4.25

KING OF THE REDS

One of our most popular varieties. Its glowing, bright red flowers borne on compact plants, makes it outstanding. Can be used in pots or for bedding.

Tr. Pkt. \$1.00 1/64 oz. \$2.50 1/32 oz. \$4.50

ISLE DE FRANCE

Our best selling white. Large white flowers are produced on compact plants of medium height. Foliage light green.

Tr. Pkt. \$1.00 1/64 oz. \$2.10

SEMPERFLORENS

Albert Martin. Bright carmine. Tr. Pkt. \$1.00 1/64 oz. \$1.75

Christmas Cheer. Extra large flowered crimson-scarlet.
Tr. Pkt. \$1.00 1/64 oz. \$1.75 1/32 oz. \$3.25

Christmas Pink. This variety is of same habit as Christmas Cheer.
Tr. Pkt. \$1.00 1/64 oz. \$2.00

Coral Prize. Beautiful coral-pink.
Tr. Pkt. \$1.00 1/64 oz. \$2.00 1/32 oz. \$3.50

Darling. Compact growth, with large, light rose-colored flowers.
Tr. Pkt. \$1.00 1/64 oz. \$2.50 1/32 oz. \$4.50

Elegant (New). White attractively edged crimson, clear green foliage. Tr. Pkt. \$1.00 1/64 oz. \$2.00

G. Knaake. Extra large flowered bright carmine. Foliage light green.
Tr. Pkt. \$1.00 1/64 oz. \$2.50

Snow. Pure white medium-size flowers show up well against the rosy stems and light green leaves. About 10 inches high.
Tr. Pkt. \$1.00 1/64 oz. \$2.00

Zahringer. An outstanding bright pink color. Flower has white center.
Tr. Pkt. \$1.00 1/64 oz. \$1.75 1/32 oz. \$3.25

Mixed. Choice selection of varieties listed above.

A. B. C. IMPROVED SENSATION

Considered by many to be the best Calendula for cut-flower purposes. Flowers very large, deep orange with scarlet sheen, light center.

Tr. Pkt. 25c 1/4 oz. 60c 1/2 oz. \$1.10
1 oz. \$2.00 2 oz. \$3.50

Masterpiece. Clear rich orange with an attractively contrasting dark brown center.

Improved Long Orange. The largest flowered and longest stemmed Calendula. Clear bright orange with light eye.

Lemon Queen. Clear medium deep yellow with a dark brown center that contrasts most effectively. Generally preferred yellow.

Gold. Deep golden yellow, long-stemmed and large flower with light center. Stem, size, and color in this are outstanding.

Supreme. Light shade of orange with a richly contrasting brown center, not extra long-stemmed but freer flowering than any of the above.

Apricot. Rich apricot or straw color with a finely contrasting brown center. Same habit as Ball's Supreme, from which it is a selection. Inclined to occasionally produce orange petals with the apricot. Some should be grown for variety.

ALL of the above uniformly priced as follows:

Tr. Pkt. \$0.40 1/4 oz. \$0.60
Oz. 2.00 2 oz. 3.50

Calendula Mixture.

Tr. Pkt. 35c 1/4 oz. 50c Oz. \$1.75 4 oz. \$6.00

OUTDOOR VARIETIES

Filled Beauty. The flowers are large and full, completely double with good stiff petals which are semi-rounded in appearance. Stems are long and fine for cutting, and the color is a deep orange.

Tr. Pkt. 15c 1/4 oz. 25c Oz. 75c

Orange Fantasy. A unique form never before seen in this favorite flower. Outer petals are long, the inner petals short, curled and interlaced to form a heavy crest. Flowers are of a deep bronzy or coppery orange with petals edged deep mahogany-red. 15 inches tall.

Tr. Pkt. 20c Oz. 85c

Improved Orange Shaggy. Deep orange shading lighter at the center, plants are free flowering, neat and compact, bearing long stems which make the fringed petaled flowers equally useful in the garden or for cutting. Tr. Pkt. 15c 1/4 oz. 25c Oz. 65c

Chrysantha or Sunshine. The large double flowers are an exquisite shade of clear buttercup yellow, with long, loosely arranged petals which droop somewhat to give the rounded appearance of a Chrysanthemum. Tr. Pkt. 15c Oz. 75c 2 oz. \$1.25

THE FOLLOWING ARE DESIRABLE KINDS FOR BEDDING—(Not recommended for cut flower production)—

Lemon Queen. Light or lemon yellow.

Orange King. Dark centered orange, of compact growth and valuable for bedding.

Radio. Bright orange with quilled petal. Of compact growth and distinctly effective for bedding.

Radio Golden Beam. Clear yellow Radio.

Price: All the above bedding varieties:

Tr. Pkt. 15c Oz. 80c

Bedding Mixture. Evenly proportioned mixture of all compact bedding varieties. Tr. Pkt. 15c Oz. 50c 4 oz. \$1.50 Lb. \$5.00

GILBERT'S CELOSIAS

Gilbert's Rose Beauty (New). Height 3 to 4 feet, non-branching unless pinched when less than 12 inches high, foliage bright green, stems round, strong and straight. Flower-heads when full grown are very ruffled and ball shaped measuring 8 to 14 inches across. The color is a rather uniform bright pink or rose on a silver base and should run 90% or more true to type. It makes an excellent cut flower, holding its shape and color better than most cristatas. Dries perfectly after being used as a cut-flower.

Originators Seed. Tr. Pkt. (300 seeds).....50c

Maple Gold. Forms round maple-pink heads when quite small. Each ruffled segment tipped with brilliant gold, lasting until killed by frost. Will grow about three feet tall. **Originator's seed.**

CINERARIAS

A. B. C. DE LUXE MIXTURE

We have received numerous requests from growers for a good all-around assortment of Cinerarias, such as will be filled by the A.B.C. De Luxe Mixture. Composed principally of select strains of Cremer's Prize and Siter's Rainbow, it also contains a portion of Berlin Market, Hybrida Grandifloras, and similar desirable types.

Tr. Pkt. \$1.00 1/64 oz. \$1.75
1/32 oz. \$3.25 1/16 oz. \$5.50

CREMER'S IMPROVED PRIZE STRAIN

Produces somewhat smaller blooms than does Multiflora Maxima, with plants of good height, and is of such high sale value that growers, in our opinion, will not go amiss in planting liberally of both. The originator is constantly improving the strain.

Tr. Pkt. (1,000 seeds) \$1.50 1/64 oz. \$2.25
1/32 oz. \$4.00 1/16 oz. \$7.50 1/8 oz. \$14.00

SITER'S RAINBOW STRAIN

Although it carries immense flower heads, its compact growth and small round leaves require little room. Medium large flowers, ranging from the bright-eyed types to the finer pastel shades.

Originator's packets. Each \$2.00
Reselected Strain. Tr. Pkt. \$2.00 1/64 oz. \$2.50
1/32 oz. \$4.50 1/16 oz. \$8.00

---	--------------	-----	-----------	-----

HOLLYHOCK (*Annual*)

Indian Spring. (Awarded Silver Medal, All-America Council.) Produces flowers of attractive bright rose and rosy carmine shades, of a size similar to the Single Perennial Hollyhock; however, seed sown in February will bloom freely in early August. "Indian Spring" attains a height of six feet or more, with flowering branches produced freely from about a foot from the soil. "Indian Spring" produces a compact pyramidal plant that is worthy of high recommendation.

--------------	-----	-----------	-----	-----------	-----	---------	--------

IPOMEA—Red, White and Blue Morning Glories

"SCARLETT O'HARA"

(Awarded Gold Medal, All-America Selections, 1939.)

"Scarlett O'Hara" is an entirely new color in a Morning Glory, a rich dark wine red, or deep rosy crimson. Few introductions in recent years have caused so much interest prior to the introduction and now that "Scarlett" is with us, we can say it warrants all that was expected earlier. Though the flowers are not as large as "Heavenly Blue," they are of good size, about 4 inches in diameter, and freely produced on fast-growing vines which start blooming within 65 days after seed is sown. The dark green foliage does not make a heavy growth.

NOTE! In order to produce freedom of bloom, sow seed in pots or tin cans and insert in soil in the open.

Tr. Pkt.....	20c	¼ oz.....	40c	Oz.....	\$1.25
--------------	-----	-----------	-----	---------	--------

"PEARLY GATES"

(Awarded Silver Medal in All-America Selections)

A sport from, and seemingly identical in growth, foliage and bloom, except white in color, with Clark's Early Heavenly Blue Morning Glory. A grand companion for its most popular counterpart. A big, satiny white with a creamy shading in the throat, gives this a beautiful appearance. Plant with Heavenly Blue and Crimson Rambler or Scarlett O'Hara for red, white and blue effect. Reaches 12 feet, with luxurious foliage, wherever Morning Glories will grow.

Tr. Pkt.....	25c	¼ oz.....	50c	Oz.....	\$1.50
--------------	-----	-----------	-----	---------	--------

"HEAVENLY BLUE"

Clark's Early-Flowering. This strain is well known and widely used throughout the United States. It is early-flowering and makes a sparse growth of foliage. When growing Ipomoeas, care should be taken to plant them in a dry, sandy location, and fertilizer should never be applied. One of the most admired flowering vines at the Chicago Century of Progress. This climber made a beautiful showing on the back wall of the Horticultural Building. A color of pure, unrivalled beauty. Tr. Pkt.....

Tr. Pkt.....	15c	Oz.....	75c	¼ lb.....	\$2.00
--------------	-----	---------	-----	-----------	--------

Cornell. So named because it reproduces the colors of Cornell University; this Morning Glory has giant carmelian red flowers with a pure white border, the flowers measuring as much as 3½ inches across. Resembles "Scarlett O'Hara" in color but has the contrasting white margin. Tr. Pkt.....

Tr. Pkt.....	15c	Oz.....	\$1.35
--------------	-----	---------	--------

Crimson Rambler. Very similar to "Scarlett O'Hara" but with white throat and heart-shaped leaves. This is a beautiful climber, but not suitable for window boxes as is "Scarlett."

MARIGOLDS

Three Fine Varieties for Pot Plants as Well as for Bedding Purposes

"SPRY"

Dwarf, compact plants about 9 inches high and spreads 15 inches. Flowers 1½ inches across, having a bright yellow center with several rows of mahogany-red guard petals. Early flowering, it is valuable for Spring combination work. A March 1 sowing is ideal in any locality for flat scales. Quite resistant to heat of mid-western summers.

Tr. Pkt.....25c
¼ oz.....55c Oz.....\$2.00

"BUTTERBALL"

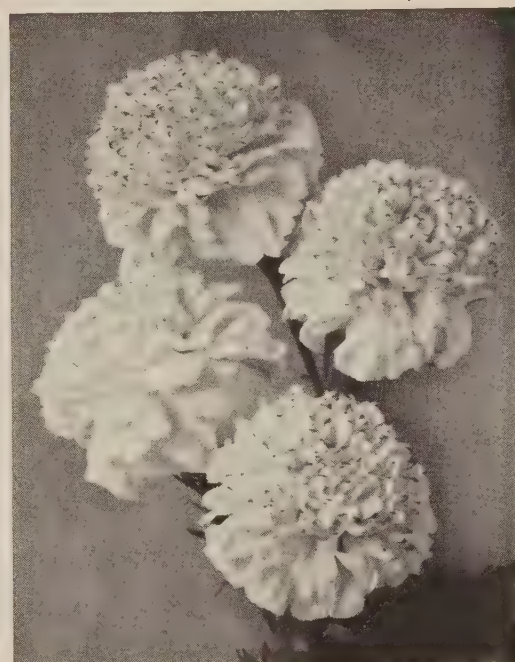

Most attractive, very compact, scabious-flowered, canary yellow. Only 6 to 10 inches tall, uniform, very early and continuous flowering. Bright and luminous bedding or edging variety which you can't help but like. Rich, dense foliage, well covered with small 1¼-inch blooms. This makes a nice pot plant and should also be a good commercial variety.

Tr. Pkt....25c ¼ oz.....55c

"HARMONY HYBRIDS"

Compact habit combined with early free-flowering character makes this an outstanding introduction. Orange and yellow shades with blotched and striped combinations. 100% all double. This variety, combined with the two to the left should fill your needs in Dwarf Marigolds.

Tr. Pkt....20c ¼ oz....30c
Oz.....\$1.00

Marigold "Butterball"

DWARF FRENCH DOUBLE HARMONY TYPE (Scabious Flowered)

Sunkist (New) A bright golden orange—All-America winner. 1943 Typical Harmony flowers with crested centers. Uniformly dwarf.

Tr. Pkt.....25c ¼ oz.....55c Oz.....\$2.00

Orbit. Color deep golden yellow background reddish brown guard petals. Fine for bedding and border.

Tr. Pkt.....20c ¼ oz.....55c Oz.....\$1.75

Spotlight. Blooms about two weeks earlier than the regular French types. Plants 12 to 14 inches high. Very compact. Color a brilliant yellow shade with a striking velvety dark mahogany-red guard petals. No marigold color. Scabiosa type flowers.

Tr. Pkt.....20c ¼ oz.....40c

"Melody". Growing 12 to 15 inches high, and literally covered with golden yellow, Harmony type flowers, this is recommended to displace Dwarf Scabious-flowered Golden Harmony. Very uniform in height, habit and color; rather early, and a long, steady bloomer, except in the most northern locations. Equally valuable for commercial use.

Tr. Pkt.....25c ¼ oz.....45c Oz.....\$1.50

Improved Harmony. Medium size Scabious-like double flowers. Deep orange center with maroon-red outer petals. Quite striking and distinct. Valuable for cutting and bedding. 14 to 18 in.

Tr. Pkt.....20c ½ oz.....60c Oz.....\$1.00

Golden Harmony. Only 11 inches tall and very compact in form. The flower is of the quilled scabious type and has a single row of broad guard petals on the outer edge. The color is a glowing golden yellow and both quill and guard petals hold to this color. 2-inch flowers, and produces 100% double blooms.

Tr. Pkt.....20c ¼ oz.....60c

Coronet. Dwarf habit growing about 18 inches tall and makes a very even growth. Each flower has a row of reddish brown guard petals with a quilled deep golden yellow center.

Tr. Pkt.....20c ½ oz.....55c Oz.....90c

Scabious Flowered Mixed. Includes better varieties and colors in this class.

Tr. Pkt.....20c Oz.....\$1.10 4 oz.....\$5.00

TALL FRENCH SINGLE

Ferdinand. (Harmony type.) Golden yellow with single row of broad mahogany-red guard petals. Flowers are 1½ to 1¾ inches in diameter. Tall growing, 20 to 24 inches, with upright semi-compact habit. No strong Marigold odor.

Tr. Pkt.....20c ¼ oz.....40c Oz.....\$1.35

Flaming Fire. The long-stemmed, brightly colored, large single flowers, 2 inches across, vary in color at different seasons; at times they are flaming red and other times red and yellow. The variations in color and pattern of this Marigold are inherited and constitute what is known as a variegation. Plants are much branched, 2½ feet tall, come into bloom in about 12 weeks, and continue to bear most profusely all through the season. Price: Tr. Pkt....20c ¼ oz....55c Oz....\$1.75

DWARF FRENCH DOUBLE, SMALL-FLOWERED

Double Mixed. A very colorful mixture. Made up on a definite formula basis and including such fine varieties as Scarlet Glow, Robert Beist, Royal Scot and others. Excellent for combinations or bedding.

Tr. Pkt.....15c Oz.....80c

MISSION GIANTS

A new class of Marigolds of medium height with giant Chrysanthemum blooms. Plants grow about 18 inches high with a good amount of vigor, having a base branching habit producing 8 to 12 stems of excellent cutting length. An early blooming class about 2 weeks earlier than the African type. Blooms 4 to 5 inches in diameter forming an almost perfect ball. They remind one of an incurved type of Chrysanthemum. A real addition to the Marigold family.

Goldsmith. Rich golden orange.
Tr. Pkt.....30c ¼ oz.....65c Oz.....\$2.00

Yellowstone. Bright rich clear yellow.
Tr. Pkt.....30c ¼ oz.....75c Oz.....\$2.50

Mixed. Deep medium golden orange as well as bright lemon.
Tr. Pkt.....25c ¼ oz.....65c Oz.....\$2.00

DWARF FRENCH SINGLE

Flash—(New)—Base color of tangerine overlaid with rich marigold red. Blends nicely with most any background.

Tr. Pkt.....50c ¼ oz.....75c ¼ oz.....\$1.25

Fire Cross. Single dwarf light orange, resembles Legion of Honor except that the yellow on outer edge of petals is a deeper golden shade. Also we find Fire Cross some earlier flowering and more compact. A valuable outdoor variety. 12 to 14 in.

Tr. Pkt.....15c Oz.....70c

Legion of Honor. A well known dwarf single. The lemon-yellow in this variety contrasts brightly with the mahogany center. Both the above two dwarf singles are valuable for early flowering in small pots.

Tr. Pkt.....15c ¼ oz.....30c

TAGETES (Mexican Marigold)

Gnome. A fine variety for pots and edging. Large flowered golden yellow. Plants 6 inches tall and eight to ten inches in spread.

Tr. Pkt.....25c ¼ oz.....50c Oz.....\$1.75

Signata Pumila. Good bedding plant, flowers golden-yellow.
Tr. kt.....20c

BURPEE RED AND GOLD HYBRIDS

A cross between African and French Marigolds. These are the earliest of all Marigolds. Will flower in less than eight weeks from seed. The color varies with the season and the growth of the plants. At times it becomes pure yellow and at other times a bright rich mahogany red. The flowers are nearly three times the size of the largest French Double. They grow 1½ ft. tall, 2 ft. wide and are literally covered with flowers at all times. Tr. Pkt.....35c ¼ oz.....\$1.25

MARIGOLDS (Continued)

GIANT FLOWERED

Gigantea Sunset Giants is a Novelty from California; it is said to have the largest known flowers in the "Marigold" group, averaging 5 inches and some flowers attaining a size of 7½ inches across. Instead of the usual "Marigold" odor these flowers have a definitely sweet fragrance. This is a mixture ranging from deep orange through golden orange, deep golden yellow, light yellow, lemon yellow, and a delightful new shade of primrose. The strain comes from 60 to 65 per cent double. The plants are normally 3½ to 4 feet high, but under favorable conditions have been known to grow as much as 7 feet high. Excellent for cutting.

Tr. Pkt.....25c ½ oz.....95c Oz.....\$1.75

Gigantea Orange Sunset. The color is a deep, rich, lively orange, one of the most admired shades found in the Sunset Giants Mixture. The plants are strong growing, upright branching in habit, usually about 3 feet tall, producing a heavy growth of foliage, and with 6 to 8 heavy branches, each bearing 3 to 6 large flowers. Blooming commences about the first of August in most sections of the country, in late June in the southern states, and flowers can be depended on well before frost in any latitude. Orange Sunset has been tested and found to be a fine forcer in the greenhouse, and will come over 65 per cent double.

Tr. Pkt.....20c ¼ oz.....50c Oz.....\$1.75

HARVESTING A.B.C. "SUPREME QUALITY" SEEDS

1. Light wooden rollers drawn by a team are passed over the harvested seed pods to separate the seed and force them onto an underlying canvas.

2. Suspended sieve trays separate the coarse material from the seed and fine chaff allowing the seed to fall on clean canvas. Further cleaning then takes place.

CARNATION FLOWERED

Yellow Supreme. Creamy lemon-yellow, loose petaled, 2- to 3-inch flowers produced on nice stems for cutting. 2½ feet.

Tr. Pkt.....25c ½ oz.....95c Oz.....\$1.75

Guinea Gold. Light attractive orange-colored flowers, about 2 inches, and very freely produced throughout the summer. No retail grower should be without a row of this and Yellow Supreme. 3 ft.

Tr. Pkt.....20c ½ oz.....90c Oz.....\$1.75

Burpee Gold Improved. Odorless foliage. Here is truly a Marigold with a host of things to commend it—even, rich, deep orange color, large flowers, 3½ inches across, beautiful Carnation-like form, attractive habit, uniformity of color and blooming time, full doubleness with no singles, earliness, and above all absolute freedom from the usual Marigold odor. Flowers somewhat resemble Guinea Gold, being made up of loosely arranged rays or petals which are shallowly fluted.

Tr. Pkt.....25c ¼ oz.....55c Oz.....\$1.75

TALL AFRICAN ALL-DOUBLE

Large, double flowered; a valuable class for cutting. 3 feet.

Orange. Not quite so large as Prince of Orange, the percentage of doubles will run much higher, 80 to 85%, with a few semi-doubles.

Lemon. Same high grade percentage as in All-Double Orange. The demand for these colors usually calls for about 25% of the All-Double Lemon.

Tr. Pkt.....20c ¼ oz.....55c Oz.....\$1.75

Mixed. Mixture of both above colors.

Tr. Pkt.....20c ¼ oz.....40c Oz.....\$1.50

AMERICAN BEAUTY HYBRIDS

Chrysanthemum Flowered. These beautiful types are quite variable and are most desirable. The beautiful colors are most fascinating and can best be described as containing all shades of orange and yellow. The plants are about two feet high, supporting masses of flowers on fine stems for cutting.

Limelight (Dwarf). Primrose yellow or deep cream.

Tr. Pkt.....25c ¼ oz.....50c Oz.....\$1.65

Golden Bedder (Dwarf). Extra early flowering variety, Sunshine type. Beautiful golden orange color.

Tr. Pkt.....50c ¼ oz.....55c Oz.....\$1.85

MISCELLANEOUS VARIETIES

Idabelle Firestone. Flowers are double, 2 in. and more across, bright reddish mahogany and borne on long, clean stems, ideal for cutting.

About 3 feet tall. Tr. Pkt....20c ¼ oz....35c Oz....\$1.20

DWARF GIGANTEA

Pot O' Gold. Brilliant orange blooms, 100% all double plants are semi-dwarf, compact, and blooming is profuse. Don't overlook a good planting.

Tr. Pkt.....25c ¼ oz.....75c Oz.....\$2.50

AFRICAN LITTLE GIANTS

Mixed. Throws blooms varying in form from the informal Carnation type to the perfect *Fistulosa* globe. The plants are very closely compact and the stems short. Its foliage is a beautiful dark bluish green. Although Little Giants range in height from 10 to 15 inches, a fraction percentage of taller plants will show up. However, these are easily detected at the transplanting stage as they all have light colored foliage—Little Giants being a deep bluish green. Little Giants is strongly recommended for bedding and pot plants, especially the latter—as it will bloom ahead of twenty-five flowers all at the same time. Color ranges from a yellow to a very bright orange, with many shades in between. Tr. Pkt....25c ¼ oz....75c Oz....\$2.50

Nasturtium Bodger's Double
(Sweet Scented Orange Gleam. Desirable for cutting)

A few A. B. C. De Luxe Pansies

PANSY SEED

A. B. C. De Luxe Mixture

This mixture is the result of many years' selection from the world's finest strains. The seed is hand-picked from personally selected plants, which justifies us to call this unquestionably the world's finest strain of fancy Pansies. We highly recommend it for cut flowers as well as spring plant sales.

Growers tell us that A. B. C. "De Luxe" Pansy plants easily command a premium over stock produced from other so-called fancy mixtures. This superb strain of Pansies is of largest size, richest and most varied colors, and contains several shades of beautiful reds. You will make no mistake confining your Pansy cultures to this outstanding mixture.

Tr. Pkt. \$0.75 1/8 oz. \$1.75
 1/4 oz. \$3.00 Oz. \$11.00 4 oz. \$35.00

A. B. C. Victorious Mixture

This is the ultimate in quality among early flowering pansies. The plants grow about six or seven inches high with a width as great. Last season, our trials of this mixture averaged a dozen to two dozen blooms per plant with numerous plants having as many as fifty flowers.

An eye-dazzling range of colors is an outstanding feature of the "Victorious Mixture."

 An extremely bright mixture, early flowering and dwarf, with a good variety of colors. Especially desirable for basket sales75 2.75 4.75 9.00

A. B. C. GIANT WINTER-FLOWERING

Mixture. Plants grow 2 1/2 to 3 1/2 feet high, with six to eight strong upright stems bearing numerous good sized blooms on flower stems 10 to 12 inches long.

Seed should be sown under glass. Set the plants 12 inches apart in the bench and support the same as Carnations. May also be grown in 6-inch pots sunk in the bench if desired.

The color range is excellent, and if the blooms are kept cut as they mature the flowering period will continue from December well on into the spring.

Petunias for Profit

★ A study of our sales over a period of years reveals a consistently heavy demand for the varieties listed on these two pages. Also included are a few of the new "headliners."

DWARF CALIFORNIA GIANT

A. B. C. "Private Stock"

You will find this blend of California Giants highly desirable as a pot plant to be grown in 3-inch or 4-inch pots for Easter and early Spring sales. Selected with great care, this strain is noted for its uniformly dwarf habit of growth and a high percentage of large, attractive flowers. In the A. B. C. Private Stock you will get a wide range of colors, including the lighter pinks and roses as well as the popular dark shades and bi-colors. Grown exclusively for our customers. The A. B. C. Private Stock strain is also offered in light and dark shades at the same price. Please specify if wanted. ½ Tr. Pkt.....75c

PRIMULA

MALACOIDES "Improved Erikssoni" (Originator's Seeds)

MRS. ERIKSSON OF RIVERSIDE

Glowing rose-red; strong grower; heavy flower stems.
Tr. Pkt. (500 seeds)\$1.25

ERIKSSON'S OUTSTANDING VARIETIES

Glory of Riverside Imp. True rose-pink, is a strong grower, and without a doubt, the most valuable variety for all purposes.

Eriksson's New Giant. Color resembles closely Glory of Riverside. Very robust habit, with flower size approximately 1½ inches. It is a late bloomer, thereby assuring the florist-grower a longer Primula season.

Eriksson's White Giant (New). An exceptionally strong grower and well adapted to combinations in place of Hyacinths.

Lilac Beauty. The color is pure soft lilac, absolutely fixed. This is another fine color for making up artistic combinations.

Peach Blossom. Color a real deep peach-blossom pink. It has a compact habit and it is also an excellent keeper.

500 Seed	\$ 1.25
2000 Seed	4.00
6000 Seed	10.00

ERIKSSON'S STANDARD VARIETIES

Eriksson's Pure White (Imp). A real improvement in a pure white Malacoides. Flowers profusely on numerous stems.

New Baby (Imp). An outstanding glowing deep pink, individual in color. Large flowered, heavy producer on strong stems.

Brilliancy. The flower opens lavender but changes to a brilliant red in one or two days in a sunny greenhouse.

Baby Rose. A good medium pink color, free flowering and compact.

Wonder Baby. Beautiful pink, rather tall but a good producer.

Eriksson's Special Mixed. A real choice selection of the above varieties.

800 Seed	\$ 1.25
2000 Seed	3.00
6000 Seed	8.00
1/32 oz.	10.00

BODGER'S GIANT MALACOIDES

Enchantress. Beautiful soft salmon-rose. Tr. Pkts.....\$1.50

Lavender Glory. Lavender Glory is a soft mauve lavender bearing the largest flowers of any in the group. Large Tr. Pkts.....\$1.00

Snowflake. Snowflake has flowers of the purest shimmering white. Large Tr. Pkts.\$1.00

Sweetheart (New). The blooms are a bright salmon-pink bordered with a wide band of white softly flushed flesh pink, center golden yellow. Large Tr. Pkts.....\$1.50

Mixture. The Mixture contains all of the above single varieties, together with a good many others still in the developmental stage. Large Tr. Pkt.\$1.00

Double Fairy Jewels. The color is a lovely rich rose-pink, slightly deeper in the center than the older outside petals. Large Tr. Pkts...\$1.50

Double Twinkles. A very soft flesh pink, each petal accented with a picotee pencilled edging of rich rose. Large Tr. Pkt.....\$1.50

Double First Lady is a white with a slight tinge of pink, showing a high percentage of doubleness. Tr. Pkt.....\$1.50

Double Cameo may be described as an orchid lavender. The flowers are exceptionally large with a high percentage of doubleness. Tr. Pkt.....\$1.50

Double Mixed shows a good range of color, including pink, white, light lavender and orchid lavender. Tr. Pkt.....\$1.50

PRIMULA OBCONICA

PHLOX

A. B. C. SPECIAL STRAINS

NOTE— We fully expect to have a good supply of the true imported strains of Phlox on hand before time to sow seed. As soon as this seed is received, we will offer it to you through our advertising.

GIGANTEA

Red Glory. Bright red with white eye. Tr. Pkt.....50c

Rosy Morn. Blooms are very large, also free flowering. Color combinations, rose-pink with eye. Tr. Pkt.....50c

Salmon Glory. This huge-flowered variety has soft but rich salmon-pink florets with wide creamy white eyes, each floret being about the size of a half dollar. Tr. Pkt.....50c

Art Shades Mixed. Tr. Pkt.....40c

GRANDIFLORA

Mixed. Tr. Pkt.....40c

POPPY (Papaver)

ICELAND (Nudicanle).

The standard type for greenhouse spring forcing. Sow either direct or in pots and transplant.

El Monte. Standard tangerine-orange.

The Emperor. Brilliant orange. Improves El Monte in flower size and long, stiff stems.

The Empress. Same as above but in salmon-rose shades.

Prices on above: Tr. Pkt.....25c ¼ oz.....75c Oz.....\$2.50

POPPY (Continued)

**NUDICAULE GARTFORD GIANTS
"ART SHADES"**

Another product of our recent trip to the seed-fields this Iceland Poppy Mixture is outstanding with exceptionally fine large flowers beautifully fluted and soft textured, carried on extremely long heavy wiry stems up to thirty inches in length under good growing conditions. The flowers are produced in quantity in a color range including lovely pastel shades of apricot, cream, gold, biscuit, pink, white and various shades of rose. Very fine for cut flower arrangements if stems are burned or dipped in hot water.

SPRING FLOWERING A New Race of Sweet Peas for Greenhouse Culture

The spring-flowering types give a much heavier crop of longer stemmed flowers than the standard early-flowering type. Seeds should not be sown before September or October in the greenhouse for flowering during March, April and early May. Sown early outdoors they are superior to the standard summer flowering varieties.

Please Note: When ordering Sweet Pea seed please indicate which of the following is desired:

- "Winter Flowering" • "Spring Flowering"
 "Late or Summer Flowering"

New Double "Sweet Wivelsfield"

SWEET PEAS (Continued) LATE OR SUMMER FLOWERING

THE BEST DOZEN VARIETIES

- After careful survey, we have found the following varieties in the greatest demand. You can well restrict your growing to this list:
Capri. A light blue that is clearly superior to the formerly popular Chinese Blue.
Flagship. A true clear deep blue.
Headlight. Fine sun-proof orange scarlet; extra for stem length and bright color.
Highlander. Clear deep lavender that decidedly improves Powerscourt in flower size, stem and growth.
Pinkie. Excellent long-stemmed, large rose pink; some heavier in growth than Bonnie Briar. The standard rose Pink.
Rubicund. Crimson scarlet in color.
Shrimp Pink. Soft silvery pink in color; its excellent production of quality flowers makes this variety outstanding in its color.
Snow White. A solid paper white throwing immense flowers which is an improvement over Gigantia.
The Admiral. A dark violet blue.
Welcome. Deep sun-proof scarlet; finest in its color.
What Joy. Rich deep cream with white seeds.
Windsor. Large flowered and heavy stemmed, clear mid-blue.

BODGER'S FAMOUS ZINNIAS

BODGER'S FAMOUS DAHLIA FLOWERED ZINNIAS

Please see previous page for complete list.

GIANT MAMMOTH TYPE

Size and general effect of this class closely approaches the Dahlia-flowered, the difference being in a flat or imbricated placement of the petals.

- Brightness.** Bright deep rose.
- Cerise Queen.** Choice cerise-rose.
- Cherry Queen.** Outstanding color.
- Daffodil.** Bright canary yellow resembling Narcissus King Alfred in color. Very fine.
- Enchantress.** Light rose, deep rose center.
- Golden Queen.** Same color as Golden Dawn.
- Grenadier.** Same color as Dahlia-flowered Crimson Monarch.
- Lavender Queen.** Same as Dream in the Dahlia-flowered class.
- Miss Willmott.** Medium light pink, nice soft shade.
- Orange King.** Similar in color to our Ball Orange Calendula.
- Orange Queen.** Golden orange.
- Purity.** A very clean white. Best white in Zinnias.
- Rose Queen.** Bright rose, deeper and brighter than Brightness.
- Salmon Queen.** Salmon rose.
- Scarlet Queen.** Best real scarlet in this group.
- Violet Queen.** Same color as Purple Prince in Dahlia-flowered.
- Mixture of above.** Prices: Tr. Pkt.....25c ¼ oz.....40c
½ oz.....65c Oz.....\$1.10 Lb.....\$13.50

ELEGANS PUMILA DWARF DOUBLE

(Cut and Come Again)

A most desirable type for bedding as well as cut flowers, and desirable for growing in greenhouse or under cloth, particularly the variety "Salmon Rose."

LEUCOCORYNE IXOIDES

Odorata. (Glory of the Sun). Rich striking blue with white eye. Delicately fragrant.....(½ oz., \$1.75) .50

LIATRIS (Blazing Star, Gay Feather)

Pycnostachya. Most showy and attractive with its long spikes of rosy purple flowers from July to September; 5 feet.

Tr. Pkt.25c ¼ oz.80c Oz.\$3.00

Scariosa. Deep purple flowers on graceful stems 3 to 4 feet high.

Tr. Pkt.40c ¼ oz.90c

Scariosa September Glory. Particularly valuable because it comes into flower all at once. September flowering on 6 ft. spikes.

Tr. Pkt.50c ¼ oz.\$1.50 ½ oz. \$2.75

LILIUM

Longiflorum Praecox "White Queen." The popular variety which is being grown with greater success both as a cut flower and as a pot plant. **True imported strain.**

Tr. Pkt.\$1.00 ½ oz.\$2.75 ¼ oz.\$5.00

Philippinense Formosanum (Selected Pure White Strain). A truly remarkable Lily with umbels of large, white, long-trumpet-shape flowers, like an Easter Lily. Will bloom in 6 to 8 months from the time seeds are sown. Very fragrant. 2 to 3 feet.

Tr. Pkt.35c ¼ oz.90c Oz.\$3.25

Regale. This wonderful Lily is easily grown from seed, flowering the second season.

Tr. Pkt.20c ¼ oz.40c Oz.\$1.25

Tenuifolium (Coral Lily). Bears in profusion medium-sized flowers of perfect form and of dazzling coral red. Excellent for the rock garden or for forcing; 1 to 2 feet; May. Perfectly hardy.

Tr. Pkt.20c ¼ oz.60c

LINUM

Perene Sibericum. Attractive blue flowers produced on plants 2½ ft. tall. Tr. Pkt.15c Oz.50c

Flavum Nanum Compactum. Dwarf yellow continuous bloomer. 6 inches. Tr. Pkt.35c 1/16 oz.75c

LOBELIA

Cardinalis. The cardinal flower. Fiery red flowers. Three feet.

Tr. Pkt.35c ¼ oz.85c Oz.\$3.00

LUPINUS (Polyphyllus)

Russell Lupins (Miracle Flowers). Extraordinary colors; many new shades never before seen in Lupins; self blues, pinks, reds, yellows, maroon, purples; bi-colors such as violet and white, blue and yellow, red and bronze, red and white, yellow and orange, pink and white, and others; the standard is one color, the keel another. Individual flowers above average size, upright standards of some being an inch across. The flower spike resembles a closely set, well rounded column of Sweet Peas. All flowers on spike open at one time from top to bottom. Requires a well drained location and thrives in cool climate.

Tr. Pkt.50c ¼ oz.55c Oz.\$2.00

MATRICARIA (Feverfew)

Matricaria Double Select (Ball's Double White). This is the only fully double flowering pure white strain of Feverfew from seed.

Tr. Pkt.35c ½ oz.\$1.00 ¼ oz.\$1.80

MYOSOTIS ALPESTRIS

Royal Blue. A deep rich blue flower produced on plants about 12 inches high.

Tr. Pkt.25c ¼ oz.90c Oz.\$2.75 4 oz.\$9.00

Grandiflorum. Mixed. Double(¼ oz., \$2.00)	.50		...

RUDBECKIA (*Cone-Flower*)

Starlight. This large-flowered, semi-double selection out of Kelvedon Star, is certainly a free bloomer. Its doubleness varies from fully double to single, mostly with about three rows of petals. Coloring is from primrose yellow to mahogany and bicolors, with mahogany centers. Unique for cutting and arrangements, with nice long stems. About 3 feet tall, branching plants.

Tr. Pkt.....50c 1/16 oz.....\$1.25 ¼ oz.....\$2.00

Purpurea (*Giant Purple Cone-Flower*). Flowers about 4 inches across, of a peculiar reddish purple with a remarkably large cone-shaped center of brown. Forms bushy plants 3 feet high and blooms from July to October. Tr. Pkt.....25c Oz.....\$3.50

SALVIA (*Sage*)

Azurea Grandiflora. A hardy perennial variety producing during August and September spikes of pretty sky-blue flowers in great profusion; 3 to 4 feet. Tr. Pkt.....25c Oz.....\$2.25

SCABIOSA

Caucasica (*Blue Bonnet*). Mixed. Valuable for cutting, as the blooms last a long time in water. Color soft lavender-blue; 3 feet.
Tr. Pkt.....25c Oz.....\$2.50

Caucasica Isaac House Giant Hybrids. A great improvement over Caucasica. Colors from light to darkest blue, but delicate lilac and mauve shades predominate. Tr. Pkt.....35c

Columbaria Lavender. Lavender similar to above.
Tr. Pkt.....25c Oz.....\$2.50

Columbaria Pink. Beautiful soft pink flowers 2 to 2½ inches across.
Tr. Pkt.....25c Oz.....\$2.50

Fischeri. Large flowers in violet blue. Tr. Pkt.....35c

Japonica. Bushy plants, 2½ feet in height, and beautiful lavender-blue flowers. Tr. Pkt.....20c Oz.....\$1.25

STATICE (*Sea Lavender*)

Splendid hardy perennials either for the border or rockery, producing panicles of minute flowers which can be dried and used for winter bouquets.

Caspia. The most beautiful of all perennial Sea Lavenders. Very vigorous in habit, with 3 foot stems carrying innumerable lilac flowers.
Tr. Pkt.....35c ¼ oz.....85c

Dumosa. Dense clusters of pure silver gray blooms; 30 inches.
Tr. Pkt.....35c ¼ oz.....85c Oz.....\$3.00

Latifolia. Purplish flowers.
Tr. Pkt.....25c ¼ oz.....75c Oz.....\$2.25

STOKESIA (*Cornflower Aster*)

Cyanea, Blue. A beautiful native hardy perennial, growing about 2 feet high and bearing pretty lavender-blue flowers.

Tr. Pkt.....25c Oz.....\$2.25

SUNFLOWER (*See Helianthus*)

SWEET WILLIAM (*See Dianthus Barbatus*)

THALICTRUM (*Meadow Rue*)

Dipterocarpum. Its dainty, graceful sprays of flowers, elegantly arranged on stems 4 feet high, are invaluable for cutting. The flowers are a charming shade of violet-mauve, which is brightened by a bunch of lemon yellow stamens and anthers.

Tr. Pkt.....35c Oz.....\$3.25

THERMOPSIS

Caroliniana. A showy tall growing hardy perennial, producing in June and July long spikes of Lupin-like yellow flowers. 3 feet. Excellent for cutting. Seeds germinate slowly.

Tr. Pkt.....25c Oz.....\$2.25

THYMUS

Serpillum (*Wild Thyme*). A dwarf perennial with fragrant foliage. Of creeping habit and unexcelled for rock gardens and between stepping stones. Lovely small purple blooms during the summer.

Tr. Pkt.....25c ¼ oz.....75c

A. B. C. HARDY PERENNIAL and BIENNIAL SEEDS

Viola "Chantreyland"

TRITOMA

(Red-Hot Poker, Flame Flower, Torch Lily). Early Flowering Hybrids. These are easy to grow from seed and they will come into blossom quite quickly. The seed we offer has been saved from a splendid collection. Tr. Pkt.....25c ¼ oz.....75c
Pfizer's Hybrids. Scarlet. Tr. Pkt.....25c ¼ oz.....75c

TROLLIUS (*Globe Flower*)

Trollius Ledebouri. Seed should be frozen over winter for proper germination.
Golden Queen. Large orange flowers, 3 to 4 feet. Very fine early flowering variety. Tr. Pkt.....50c ⅓ oz.....\$1.50

TUNICA

Saxifraga. A pretty tufted plant with light pink flowers produced all summer. Useful either for the rockery or the border.
 Tr. Pkt.....20c ½ oz.....\$1.25

VALERIANA. (*Valerian*)

Mixed. Showy, hardy border plants producing large corymbs of red or white flowers. Fine for bouquets. Mixed colors; 2 feet.
 Tr. Pkt.....25c ¼ oz.....75c

VERBENA

BONARIENSIS

Slender freely-branched stems attain a height of 4 to 5 ft. and bear numerous terminal sprays of Heliotrope flowers during July and August. Tr. Pkt.....35c

BIPINNATIFIDA

Fern-like foliage 18 inches high, covered with lavender-blue flowers produced in clusters. Holds fine appearance throughout full blooming period, June-November. Tr. Pkt.....25c ¼ oz.....75c

VERONICA (*Speedwell*)

Maritima (Longifolia). Long spikes of blue flowers from July to September. Tr. Pkt.....25c

Spicata. 1½ feet high. Has long spikes of bright blue flowers in June and July.
 Tr. Pkt.....35c ¼ oz.....\$1.00

BOOKS EVERY FLORIST SHOULD OWN

COMMERCIAL FLOWER FORCING, by Alex Laurie and D. C. Kiplinger. Fourth edition. A concise treatise on the growing of various flower crops. The chapter titles include: Greenhouse Construction and Heating; Factors Influencing Plant Growth; Soils; Fertilizers; Gravel Culture; Reproduction; Diagnosing Greenhouse Ills; Major Crops; Minor Crops; Miscellaneous Cut Flower Crops; Bulbs, Corms and Tubers; Flowering Pot Plants; Foliage Plants; Forcing Hardy Plants; Cloth Houses; Wholesale Marketing; Costs of Production. 598 pages. Illustrated.....\$4.50
Handbook of Fertilizers, by A. F. Gustafson. Source, composition, effects and application of commercial fertilizers. 172 pages, revised edition (1939)\$1.75
The Album of Designs—Funeral Flowers. Handsome pictures of funeral pieces, many full-page size; assist greatly in taking funeral orders more quickly. 96 pages (1945).....\$1.50
The Designer's Notebook. Up-to-date methods of arranging funeral work, wedding bouquets, corsages and table flowers. Illustrated. For beginners, and experienced designers. 96 pages (1940)...\$1.00
The Flower Shop, by Alex Laurie. All phases of flower shop management. 160 pages (1930).....\$1.50

COMMERCIAL FLORICULTURE, by Fritz Bahr. Fourth edition, revised and brought up to date. A practical manual for the retail grower. The best book for the all-around florist. A guide to the inexperienced showing the profitable methods of growing and selling flowers and a help to the experienced as a volume of reference and reminder. Part I is devoted to opportunities and responsibilities of the florists' business. Part II has 300 pages of cultural information. Written by a retail grower of lifelong experience. 646 pages. Illustrated.....\$5.50
Propagation of Plants, by M. G. Kains and L. M. McQuesten. A reference book for propagators in greenhouse and nursery. It includes seed testing, layerage, division, separation, rooting cuttings by growth-stimulating substances, greenhouse fumigation, grafting, budding, stock and scion handling, nursery management and pest control. 375 illustrations. 637 pages (1942).....\$3.50
"Vogue in Flowers" (new edition). Contains many fine illustrations of the latest styling in Wedding Flowers, Corsages, Table Decorations, etc.\$1.50

A. B. C. Vegetable Seeds

The demand for vegetable plants may be expected to continue again this season at a high rate. You will be serving your own best interests as well as those of your customers by supplying superior quality plants. Don't make the mistake of jeopardizing your customers' satisfaction by offering plants grown from inferior seed. For continued repeat business from your trade, sow A. B. C. "Supreme Quality" Vegetable Seed.

Bibb Lettuce. A delicacy for American dinner tables. CRISP, TENDER, DELICIOUS . . . a few descriptive words from florists who last year got a real salad thrill for the first time with Bibb Lettuce. With a distinct flavor all its own, you get more in BIBB than any other Lettuce. Heads small, somewhat loose in form, the outer leaves are dark, glossy green and vitamin-packed, bleaching to a waxy golden-green heart. You haven't eaten real Lettuce until you've eaten BIBB. CULTURE. Similar to other Lettuce. Start seed under glass or sow direct. Set or thin plants to six inches apart in the row. Like other head varieties, will bolt in hot weather. Plan for crops in cool of Spring and Fall or grow under lath or shade during Summer. Cut heads just as center begins to extend.

VENTURA

VENTURA

This variety needs no introduction to many of you. Very early, the solid fruits produced are smooth and weigh between 4 and 8 ounces. It will ship long distances and is resistant to blight. Our sales of this variety have consistently shown an increase over the years we have been offering it.

RUTGERS

RUTGERS

A heavy producer that bears fruits of good size well into the season. Especially recommended as a second early variety for canning and for juice. Fruits are of medium large size, slightly flattened as shown in the picture above. Scarlet-red in color. Plants set June 1st should bear fruit in about 73 days.

Oz.....60c ¼ lb.....\$1.80
1 lb.....\$6.00

Tomatoes OUTSTANDING FOR THE HOME GARDEN

Tomatoes are the "Heart of the Home Garden." No other vegetable gives so much for so little. As one of the most profitable crops for you to offer as plants, we have made a separate list of those varieties which are in greatest demand. You may have other favorites, but everything considered, you won't go wrong on these.

JUBILEE

No list of tomatoes would be complete without at least one yellow fruited variety of which Jubilee is the outstanding today. Fruits are bright orange-yellow, globular, weigh about 6 ounces. Makes delicious juice of unusual attractive color. 72 days.

Oz.....\$1.10 ¼ lb.....\$3.50

BONNY BEST

Fruit is produced early; plants set about June 1st will bear tomatoes in about 70 days. Ripe fruit is red with some scarlet. Slightly flattened globe shape, as below, of medium size, usually weighs 5 or 6 ounces. Borne in clusters of 4 to 7 fruits. The standard of excellence among early red varieties. Not resistant but very widely adaptable.

Oz.....60c ¼ lb.....\$1.80
1 lb.....\$6.00

PRITCHARD

Also known as Scarlet Topper, Pritchard is a medium-early maturing about mid-August from plants set out June 1st. Fruits are borne in clusters of 4-5. Usually described as determinate or self-topping in growth. Fruit-color similar to Marglobe. Fruits weigh 4-5 or 6 ounces.

Oz.....65c ¼ lb.....\$2.10
1 lb.....\$6.50

STOKESDALE

A second early scarlet maturing in about 70 days. Fruits large, globe, smooth and well colored.

Oz.....65c ¼ lb.....\$2.00
1 lb.....\$6.50

MARGLOBE *Supreme*

MARGLOBE (*Supreme*)

A very uniform strain of Marglobe. Midseason in maturity, a well grown plant set out in June will start yielding fruit in about 75 days. Fruits are medium large and shaped as shown above, weighing 5 to 7 ounces. Fruits are scarlet, deepening in color at maturity. Disease resistant, Marglobe follows Pritchard by a week or two in maturing. Certified seed.

Oz.....80c ¼ lb.....\$2.40
1 lb.....\$8.00

"Supreme" Quality Gladiolus Bulbs

For stock that incorporates the required vitality to produce real results, A. B. C. "Supreme" Quality Gladiolus Bulbs are recommended to the grower. With a total output of bulbs produced exclusively for bulb harvest only from young corms, we are ready to meet the requirements of growers who desire high quality at a fair price.

Grown Under Close Supervision

Bulbs furnished by us are produced in sandy loam ideal for their culture and are thoroughly cured before shipping. Our growers hold Agricultural Inspection Certificates that assures you the bulbs are free from thrips and other diseases.

DEAR CUSTOMER:

While in Europe visiting Holland, Belgium, France and Sweden, I selected some very fine varieties of new Gladioli. If interested in some of the finer sorts, please correspond with us.

A. Miller.

NOTE!

Other profitable bulbs and plants for greenhouse forcing are:

BEGONIAS
GLOXINIAS
FANCY LEAVED
CALADIUMS
FORCING ROSES
CALCEOLARIAS
HYDRANGEAS

These are all available in season.

MISCELLANEOUS BULBS FOR SPRING

Double Flowered Tuberous Rooted Begonia

GLOXINIAS *Ready Now*

While in Belgium, our Mr. Miller selected from the best growers the best selected varieties for greenhouse growing. All were in bloom while he was in Belgium, enabling him to make a selection of superior varieties in the following colors:

Brilliant Red, Blue Bordered White, Red Bordered White, Dark Red, Blue, Violet Blue, Pure White, Pink Bordered White, Dark Pink, Light Blue and Mixture.

1¼ to 2½". Per 100...\$17.50 Per 1000...\$160.00

GLOXINIA CULTURE

Gloxinias are fit companions for the tuberous rooted Begonias and the fancy leaved Caladiums. Their richly colored flowers are most outstanding. Start the tubers in 4-inch pots in a mixture of leaf mold, sand and a little well-rotted cow manure with good bottom heat. Keep shaded and as the leaves appear, be careful with the watering. You cannot do it with the hose, so make use of the old-fashioned way, the watering can, and go over each plant carefully, examine every one and don't apply water unless it is needed, on the other hand, they suffer every bit as much if they don't get water when ready for it, for they want a moist soil. Keep the leaves dry. To get them moist on a hot day early in the morning doesn't hurt, but they soon go if you wet them every time you water the plants. They want most of all a little shade, but if you overdo it you may obtain foliage but no flowers.

SINGLE TUBEROSES

Per 100.....\$5.00 Per 1000.....\$40.00

Our strain of "Pearl" is the true, large-flowered type, far superior to the old variety. Bulbs are clean and properly graded in sizes offered.

Double Pearl. 3 to 4 inches. 100.....\$4.00 1000..\$35.00
Double Pearl. 4 to 6 inches, extra large. 100.. 6.50 1000.. 60.00

Begonias

TUBEROUS ROOTED BEGONIAS

American and Belgian Grown

Large Flowering Type

With its bright colors, richness of foliage and easy culture it has become a favorite with the public in gardens and homes.

EMPLACEMENT. The begonia prefers partial shade and not too warm a place where they will give best results specially in wet summers. For the cultivation in greenhouses, shade is necessary.

CULTIVATION. Forcing can be started in February, March or April, depending on the time they should be in flower. The bulbs are placed in boxes, on light porous soil close together, and then covered with earth to a depth of one inch above the bulb. The earth should be kept just moist, too much water will rot the bulbs.

When the plants begin to develop they are placed in pots.

BEGONIAS—Tuberous Rooted *Ready Now*

On his recent trip to Belgium, our Mr. A. Miller paid strict attention to the Double Camelia type. We have to offer the following colors, also single flowering:

Scarlet, Yellow, Copper, Rose, White, Salmon, Crimson and Mixed

Amaryllis, Giant American Hybrid

Fancy Leaved Caladium

These exotic tropical foliage plants, with gorgeous coloring, provide a brilliant subject unexcelled for many uses. Taking little care, they are ideal for the home, hotel, store or office. Use them for pot plants, window boxes, plant arrangements and wall brackets . . . and don't overlook recommending them for summer use outdoors, around pools and bog gardens or in those shady nooks where color is at such a premium.

Large Flowering Cannas

STRONG NORTHERN GROWN - TRUE TO NAME

DORMANT ROOTS, 3 to 5 Eyes

Our Canna roots are strong, healthy, true Northern Grown. The varieties listed below have proven indispensable where large exhibition showings are needed. Early ordering is suggested, because of the great demand this year.

City of Portland. Deep pink. Green foliage 3½ feet. Extra good flower. Does not fade.

Dorothy S. A new dwarf continuous flowering clear salmon red Canna. Produces large flowers and grows about 4 feet tall. Very vigorous and drought resistant.

Eureka. 4 feet. Green foliage. Best white Canna, large flowers.

Hungaria. 3½ feet. LaFrance pink.

King Humbert. This remarkable Gold Medal Canna has been the sensation of the past ten years and is the greatest favorite today. Handsome, broad, tropical foliage. Scarlet flowers; bronze leaves. 4 feet.

Yellow King Humbert. 4 feet. An orchid-flowering sport of the well-known King Humbert. Flower a deep, rich yellow, softly spotted and blotched with bright red. Some plants occasionally give a scarlet or scarlet striped flower, which we consider an improvement rather than a detriment. Green foliage.

The President. 4 feet. This immense new flaming scarlet has come into wider use more quickly than any other Canna. The President leads the red varieties in the quality and also the quantity of its bloom. The foliage is rich green and burn-proof in the hottest weather.

PRICES—All above Cannas: Per 100.....\$6.50 Per 1000.....\$60.00

The AMERICAN BULB COMPANY

LILIES from Europe

GENTLEMEN:

We offer the following Lilies—Fall delivery—imported from Europe.

CROCEUM—Orange, lightly spotted at the throat.
Sizes: 14-16 ctm., 16-18 ctm., 18-20 ctm.

HENRYII—Bright orange-yellow, spotted brown.
Sizes: 20-22 ctm., 22-25 ctm., 25 ctm. up.

HYBRID GEORGE C. CREEMAN—A glorified Regale. Much larger flowers, and much more flowers per stem.
Sizes: 18-20 ctm., 20 ctm. up.

ORANGE TRIUMPH—One of the finest orange varieties.
Sizes: 16-18 ctm., 18-20 ctm., 20-22 ctm., 22 ctm. up.

REGALE—White with canary yellow throat. Flushed purple-rose.
Sizes: 14-16 ctm., 16-18 ctm., 18-20 ctm., 20-22 ctm., 22 ctm. up.

REGALE ALBUM—White with sulphur-yellow throat.
Sizes: 16-18 ctm., 18-20 ctm., 20 ctm. up.

TIGRINUM SPLENDENS—Dark salmon, orange spotted mahogany.
Sizes: 12-14 ctm., 14-16 ctm., 16-18 ctm., 18-20 ctm., 20 ctm. up.

TIGRINUM FORTUNEI GIGANTEUM—Bright salmon-orange, spotted mahogany.
Sizes: 14-16 ctm., 16-18 ctm., 18 ctm. up.

UMBELLATUM—Deep crimson-red.
Sizes: 16-18 ctm., 18-20 ctm., 20 ctm. up.

UMBELLATUM ERECTUM—Large orange-red.
Sizes: 16-18 ctm., 18-20 ctm., 20 ctm. up.

UMBELLATUM SPLENDIDUM—Deep red, shaded orange.
Sizes: 16-18 ctm., 18-20 ctm., 20 ctm. up.

WILLMOTTIAE—Orange-red, dotted black.
Sizes: 10-12 ctm., 12-14 ctm., 14 ctm. up.

WILLMOTTIAE IMPROVED—Light orange with a few or no spots.
Sizes: 10-12 ctm., 12-14 ctm., 14 ctm. up.

The following varieties all in good flowering size:

MAXOMOWICZI—Bright orange-red, very few black spots.

MAXWILL—Glittering bright orange-red.

UMBELLATUM, FEU BRILLIANT—Bright orange, dwarf grower.

GOLDEN FLEECE—Golden yellow, apricot shaded, tall.

INCOMPARABLE—Clear carmine red, medium tall.

REFULGENCE—Deep orange-red, the best in this color.

SAPHO—Bright orange, darker shaded, dwarf.

VERMILLION BRILLIANT—Bright red, dwarf.

Prices at this time are not established, but we will quote you on any quantity you desire when firm prices are established.

Very truly yours,

A. Miller.

Production Scenes

CROFT LILY FIELDS THAT PRODUCE YOUR BULBS

★Careful inspection during the growing season by our Mr. Louis Miller is one of the first checks on the quality of A. B. C. Croft Lilies. Unusual caution in cultivation prevents injury to roots and bulbs. Upon maturity, they are carefully ploughed from the row and lifted into boxes. At the warehouse, grading, under our supervision, is followed by packing and refrigerated shipment East. These fields have produced your bulbs since the introduction of Croft Lilies, and will continue to grow those A. B. C. "Supreme Quality" Croft you have found most profitable to force.

... MOST DEPENDABLE SOURCE "Supreme Quality" LILIES

★ For many years we have been the largest distributors of Lily bulbs to the grower-florist. Our vast experience and resources in this important item bring to the trade a selection of the best strains. Place your order with us in confidence and be assured of the utmost. Our representatives who know Lilies have constantly been in the growing fields and packing sheds throughout the entire season, and we have spared no pains nor expense to assure the trade of the finest Lily bulbs obtainable anywhere.

BUY YOUR CROFT LILIES NOW!

Many florists have already entered their order for next season. Check on your needs at once.

Croft Lily Bulbs will be available in the following sizes:

6-7 inch

8-9 inch

7-8 inch

9-10 inch

SEE NEXT PAGE FOR OTHER LILIES

Below is a fine house of Croft grown from our bulbs. These were a very profitable crop for this florist.

OTHER POPULAR VARIETIES OF LILIES

LONGIFLORUM PERFECTION

Creole Type. This exceptional lily has been given our most careful attention the past several seasons. Planting in fields free from disease and regular inspection during the growing season gives us the assurance that the bulbs we ship you will be "Perfection" in quality. Available in all popular sizes.

LONGIFLORUM MEXICAN

Our strain of this lily is from the best growers in Mexico, who are carefully selecting only the best.

Grading A. B. C. Lilies for size and quality.

LILIUM FLORIDI

The strain of lilies we have growing in Florida we believe to be the best obtainable. Grown by the most reliable growers who know how to handle their crops. Crops are inspected by our trained men during the growing season and at harvesting time to insure our customers clean, healthy plants. This is a fine cut lily.

Place your order now for your entire planting for the coming season. You will save time, labor and space, and have all your cuttings in time to insure a profitable Chrysanthemum crop.

WORTHWHILE NOVELTIES For 1947

OMEGA

(Yoder Bros.)

A deep lemon yellow pompon maturing December 10, just nicely following Sunnyside. Omega combines an exceptionally strong, vigorous habit and beautiful dark, glossy foliage with a rigid, wiry spray. The formal flower possesses unusual substance and keeping quality. No blindness has ever been apparent and tests indicate a very high degree of resistance to Verticillium. Omega in its natural season compliments Sunnyside by extending the season of top quality yellow pompons. It is equally valuable on raised benches or ground beds. On the latter with late planting and lights it is easily had for Christmas. It has been successfully lighted into February flowering.

Unhesitatingly we recommend Omega as the best pompon to follow Sunnyside.

Dark Pink Orchid Queen

DARK PINK ORCHID QUEEN

(Delworth)

An intense mauve pink sport from Orchid Queen with the added attributes of increased vigor in both plant and flower. The importance of its value over its parent for early shading has been proven by extensive tests. The color is much deeper. The flower is larger and more fully rounded. The foliage, stem and height of the plant are larger and stronger than the original. Dark Pink Orchid Queen should rapidly take a prominent position in the list of good standards.

SUNKIST

(Yoder Bros.)

Sunkist

An intense golden yellow single that flowers normally with Vibrant December 20, for the Christmas season.

The variety lends itself to wide variations in culture and dependably produces a profitable crop. Like Vibrant, Yukon, and Rosalind, it is well suited to late planting and ground bed culture. In preliminary trials it has responded very satisfactorily when lighted for delayed flowering. Easily grown

and readily sold, Sunkist fills a real demand for golden Christmas daisies.

Omega

GOLD COAST

(Baur-Steinkamp)

A small deep lemon yellow pompon blooming normally October 25. It lends itself ideally to early shadings. Its clean, vigorous free growth habit is outstanding. In growth habit and production, it is very similar to Pinocchio. It compliments and completes an important trio for early shading . . . Gold Coast, Pinocchio and Caroline Yosick. The flower is small and firm.

Gold Coast

DEBONAIR

(Yoder Bros.)

A rich crimson red decorative pompon that blooms normally December 5. The beauty and symmetry of its form combined with the velvety gloss of its rich and intense color has never failed to create enthusiastic comment. Shaded to flower for the 1945 National Chrysanthemum Show in Cleveland, it took top honors in seedling competition. Moderate temperatures, optimum light intensity and other environmental conditions which promote a firm wood and gradual elongation of stem and spray best suit this variety. Debonair can be lighted for the Christmas season. The growth is vigorous and healthy and because of the strong consumer demand for this color it commands premium prices.

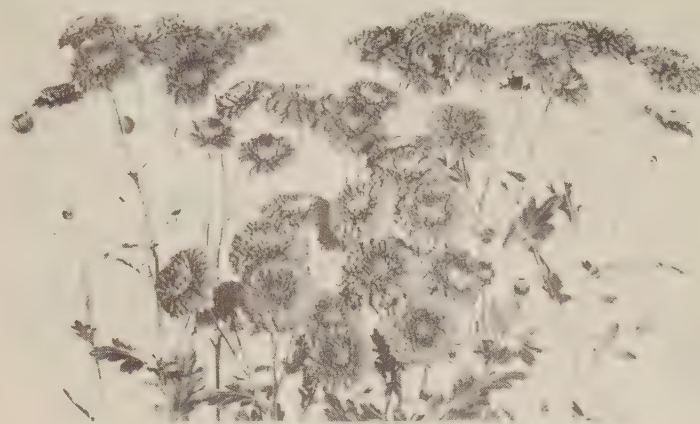

LAKME

(DePetris)

A glistening small white pompon that matures normally November 12. It possesses a hard, durable, formal flower that easily satisfies the most critical demands for keeping and shipping quality. Its trim, smart appearance is enhanced by a chartreuse eye. The habit of growth is free, wiry and the dark, rigid stems develop a very productive compound spray. In growth habit and cultural requirements it very closely resembles the variety Cassandra. Its black cloth response is rapid and just nicely follows Pinocchio in the shading program. It lends itself well to out-of-season flowering and has been outstanding in the Cornell trials. High, uniform production and the height of quality in its floral make-up assure Lakme a position of eminence in any list of early profitable white pompons.

Lakme

Red Rust

RED RUST

(DePetris)

An exquisitely colored, well rounded, large pompon blooming November 5. The color is a beautiful blend of orange, red and chrome bronze similar to Natoma. The habit of growth is clean, uniform, and vigorous with excellent foliage and well branched sprays. The scintillating color is an epoch in chrysanthemum breeding but it is sensitive to intense light and is, therefore, best adapted to later greenhouse shadings and natural flowering. It possesses greater vigor and is easier to grow than Natoma. The production excels that of Navaho.

Brocade

BROCADE

(Yoder Bros.)

A lively cameo pink daisy that blooms naturally with Masterpiece, November 15. The variety is of extremely easy culture. Its free, vigorous growth makes for top production. It is medium to tall in height, and the strong stems develop big, well branched sprays. The response of Brocade to shading is similar to that of Masterpiece and should be grouped with that variety in the shading program. Brocade is the pink daisy to complement Masterpiece in later shadings and natural flowering. For a mid-season pink single to fill the gap between the early pink singles, Oct. Pink and W. H. Buckingham, and the later variety, Valencia, we suggest Brocade.

CAROLINE YOSICK

(Shelby Floral)

Caroline Yosick

A small, decorative, lavender pink pompon that flowers naturally October 20. Caroline Yosick gives a sharp and uniform response to black cloth shade and its major value is for August and September flowering. It compliments and completes an important trio for early shading—Caroline Yosick, Pinocchio, and Gold Coast. It has a very dependable growth habit, does not crown like Jewell, and has a much more rigid stem than Jessie and Pink Dot. The small, decorative flower of Caroline Yosick possesses excellent color holding quality, and is very satisfactory under even the earliest shadings. Its color is not outstanding in natural daylight but brightens or softens remarkably under artificial lights. We suggest that you wait to evaluate this variety until the reports from the wholesalers are received.

AN AUTHORITATIVE ARTICLE BY

Alex Laurie

PROFESSOR OF FLORICULTURE
OHIO STATE UNIVERSITY

The popularity of the chrysanthemum has made it a universally grown crop. Practically every grower of miscellaneous flowering crops includes the chrysanthemum in his program of rotation. Unfortunately the comparative ease of culture of this crop results frequently in neglect and sloppy methods. With competition becoming greater in the post-war period, quality becomes essential and to produce quality the chrysanthemum should not be treated as a step-child and given inadequate care. Lack of attention to stock plants, untimely propagation, use of weak cuttings, hardening of plants before benching, allowing insects and disease to become rampant, growing plants to too many stems, bunching improperly and handling the cut stock roughly, are some of the glaring inadequacies of culture

The above is a quotation from Prof. Laurie's book on Mum culture written especially for American Bulb Company.

Write . . . for your copy of this helpful booklet. We will be glad to send you extra copies for your growers, to assist them in their culture of this popular florist crop.

WHOLESALE PRICE LIST FOR THE 1947 SEASON

The list below is in alphabetical order for your convenience. It will help us greatly if you will send us your requirements in alphabetical order.

TERMS OF SALE

- | | |
|---|--|
| <ol style="list-style-type: none"> 1. The <i>minimum total order</i> that can be accepted is 500 rooted cuttings. 2. Fifty rooted cuttings of a variety is the <i>minimum</i> that can be supplied. 3. More than 50 of a variety must be in multiples of 50. | <ol style="list-style-type: none"> 4. The <i>minimum number of cuttings</i> of a variety that can be supplied in unrooted cuttings is 250. 5. <i>Quantity discounts</i> will be discontinued. No quantity discounts will be allowed regardless of size of order. |
|---|--|

Please Read...

Our Mum stock is lighted to take care of orders for out-of-season flowering. There will be some cuttings available in September and in increasing volume each succeeding month.

It will be necessary for us to have orders at least a month in advance of the requested delivery date.

Please indicate the earliest date delivery will be acceptable and the maximum number of cuttings that can be handled in a single shipment. Orders must be marked with a definite delivery date—"early delivery," "when ready" and similar indefinite instructions are not satisfactory.

SUBSTITUTIONS—Our grower will substitute equal or better varieties for items not available unless order is marked NO SUBSTITUTIONS!

SAFE ARRIVAL cannot be guaranteed. All shipments must be in satisfactory condition before being accepted by the common carrier. Our responsibility ceases upon receipt of shipment by their agent. If shipment arrives in bad order customer must file claim against the common carrier.

We, The American Bulb Company, act as agents for Yoder Bros., Barberton, Ohio, and we do not warrant in any way, expressed or implied, the description, quality, productiveness or any other matter of any cuttings or plants sold by us. We, further, will in no way be responsible for failure to deliver on dates requested. Yoder Bros. will do everything possible to deliver as specified. We cannot be held responsible for same due to the fact that the matter is beyond our control.

NOTE—The price of unrooted cuttings will be \$27.50 per thousand on all standard price (\$40.00) varieties and \$12.50 less than the rooted price on all premium price varieties. All prices F. O. B. Barberton, Ohio.

Types are abbreviated as follows: Pom.—Pompon; Dec.—Decorative; Sing.—Single; Anem.—Anemone. Size of flower is indicated by S.—Small; Int.—Intermediate; L.—Large.

SUPPLIES FOR THE GROWER

PUMP TANK INSECTICIDE SPRAYERS

BROWN—"Open-Hed"

4-gallon—Galvanized steel.....\$8.00

SMITH—"Banner"

4-gallon—Galvanized steel.....\$8.00

CHAMPION SPRAYERS

Develop up to 200 lbs. pressure. Full 5-gallon capacity.

With brass tank.....\$22.00

With Galv. Tank.....16.50

"MYERS"—KWIKFILL

Recognizing that compressed air sprayers are subjected to severe use and frequently considerable abuse, Myers have consistently maintained a high standard in construction and material used in their compressed air sprayers, which assures durability and excellence of performance.

Model 2242—4 gallon capacity—Galvanized—Wt. 13 lbs. Each.....\$8.80

HOSE—Greenhouse

AFS—Rose Grower's Special

"LION"—A very tough, strong, heavy yet pliable hose for high pressure syringing, etc. Very economical in the long run. Wears like iron.

3-ply—Heavy duty, high pressure.

3/4"—Uncoupled. Per ft.....\$ 0.35

50-ft. length—Coupled 17.90

HOSE—Greenhouse and Garden

"VIM"—A very good piece of hose which can safely be used in Greenhouses as well as Gardens.

2-Ply—Any length up to 250 feet.

SHIPPED PROMPTLY FROM THE FACTORY IN MICHIGAN

BIRD'S VITA-BANDS and TOM THUMB FLATS

Vita-Bands, with built-in nutrients, assure vigorous, well-balanced growth and early maturity because they prevent nutrient deficiency, retain moisture (watering is reduced by half), eliminate dangerous drying out and root shock. Growtex bands have same features, but without nutrients. Tom Thumb Flats provide a convenient and profitable way to market your banded plants.

PRICES OF BANDS PER 1,000 (Sold in units of 1,000 only)

Size	Vita-Bands	Growtex

TERMS OF BUSINESS

Routing: Please give explicit shipping directions with each order, giving name of Freight, Express and Post Office stations. If no directions are given we will use our best judgment, but all goods travel at purchaser's risk.

Parcel Post: We will be pleased to send such items as can be mailed by Parcel Post; customers to remit for postage. We do not deliver any goods free at Wholesale Prices.

Disclaimer: The American Bulb Company gives no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds (bulbs or plants) it sells and will not be responsible for the crop.

If the customer does not accept the goods on above terms he must return them at once, and money will be refunded or proper credit given. We exercise, however, the greatest care to fill our orders with the highest quality possible, as it is our constant aim to give our customers fullest satisfaction.

Cash Discounts: Cash with order only. 5% on Flower and Vegetable

Seeds; 3% on Bulbs; 2% on Plants. Prices on Cyclamen and Lawn Seeds are NET.

Otherwise, on bills for Flowers and Vegetable Seeds, Bulbs, and Plants, a discount of 2% for payment 10 days from date of bill may be deducted. Exception to the above is taken when goods are supplied under special quotation, in which case particular terms will be noted.

Prices: This list cancels all previous offers.

Unknown correspondents desiring to open an account will please furnish three references to parties in the trade with whom they have had credit relations, and sufficient time to investigate same; otherwise cash must accompany order.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance. We cannot arrange to send perishable stock C. O. D.

All goods are offered subject to crop failures, shortages or other causes beyond our control and to being unsold on receipt of order, and we reserve the right to advance prices without notice.

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE

NOTE—All prices listed are subject to any and all governmental regulations issued for the purpose of governing the items herein shown. The right is reserved by this Company to cancel any item offered, modify the price shown, or substitute similar products if the cause of the war so demands. To the best of our knowledge prices on seed and supply items in this catalog conform to existing price regulations established as of the date this catalog was issued.

"Beautiful Lawns" GROW FROM A. B. C. LAWN SEED

★ There is no substitute for quality in grass seed. Into the A. B. C. Mixtures are blended the finest available heavy weight seed—seeds of hardy perennial grasses that produce a deep-rooted permanent turf of real beauty.

Every season more and more florists and landscape gardeners are sowing our seed. Whether you sell or sow . . . use A. B. C. "Supreme Quality" Lawn Seed for greater customer satisfaction—for greater profits. Send your order today.

A. B. C. LAWN SEED MIXTURES remain unchanged from the pre-war blend. No cheap grasses have been added or percentages changed. Only best seeds used.

BUY A. B. C. SUNNY MIXTURE . . . The finest all-purpose blend of grasses

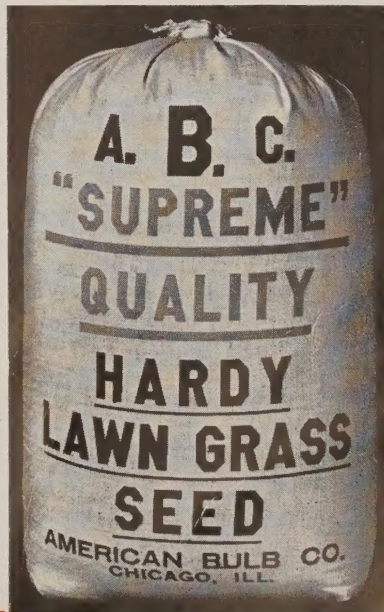

A. B. C. SUNNY MIXTURE		Per lb.
1 to 25 lbs. (Packed 1, 2, 3, 5, and 15-lb. bags)75c	
25 lbs.74½c	
50 lbs.74c	
100 lbs.73c	

This is the same unchanged "Sunny Mixture" that has pleased the trade for years. Heavy weight Kentucky Blue Grass and Fancy Red Top are the principal grasses. High purity and high germination. You can buy this "Supreme Quality" blend with full confidence.

A. B. C. SHADY MIXTURE		Per lb.
1 to 25 lbs. (Packed in 1, 2, 3, 5, and 15-lb. bags)	\$0.85	
25 lbs.84	
50 lbs.82	
100 lbs.80	

A liberal addition of shade loving grasses has adapted this blend for sowing where the above mixture will not prove fully satisfactory. All perennial grasses included are of a hardy nature.

NOTE: All prices are subject to change without notice. Grass Seed prices are net cash.
